## Cai Cai Balão

Traditional Brasil

Arr. Game and Lyrics\* by K. L. Nichols

D A7

A blue bal-loon, a blue bal-loon, I want to catch and play! How it floats, how it flies, how will I catch the beau-ti - ful blue bal - loon?

Tambourine

Surdo

**Game:** Stand in a circle. Sing the song and pass a blue balloon around the circle. At the end of the song, toss the balloon into the air, shouting "Balão!" each time someone hits the balloon. The object is to keep the balloon within the circle without letting it touch the ground. Sing different colors and add balloons to the game.

\*These lyrics were created by Kerri Lynn Nichols and are not a translation. The original text is about a miniature hot air balloon made of tissue paper for June festival: "Fall, fall, little ballon. Fall on Soap Street. Don't fall there. Fall right here on my hand. I don't dare go there. I'm afraid I'll be punished."
